

Love One Another Ministries

(LOAM)

Dear Prayer Partner,

Greetings from LOAM India.

We praise God for what He is and has been doing through us in our land in spite of obstacles and some difficulties. God is at work in Odisha and India. By His grace LOAM India ministry is going well and growing rapidly in the remote villages of India. We want to thank you for your valuable partnership through your prayers and financial support to continue the work in India. I am excited to let you know and pray about the new opportunity God has opened a way for us to work among Muslims in North India. This has been our long answered prayer so we praise God for that. So we believe that its a great opportunity for us to start working among Muslims so we have planned to train some pastors and leaders who have real heart for Muslims in North India. We are grateful to God for opening ways for us to share His love with people who do not know Jesus. After much prayer, with the help of a person I know very well and since he has been trained in YWAM he is asking LOAM to support his work to reach the Muslims by applying what he has learned in YWAM. As we have been praying for the same, we felt this is the right time to consider and start the training by faith and prayers. So we ask you to join with us in praying for this new opportunity God has opened for us to be feet and hands of Jesus Christ to those Muslims.

LOAM was blessed to have Dr. Christopher in the month of April. In spite of scorching heat he visited many villages praying, preaching and teaching a group of pastors in Odisha. Many were blessed and encouraged by his service in remote villages of Odisha. In the month of June, Sister Claudie visited LOAM and its ministries for the second time. She was able to visit LOAM house churches in different counties of Odisha. She had lot of opportunity to share her testimony and encourage the believers from the word of God and even praying for many. She was also able to visit a church planter from Hindu background and could see how God is working in his life and she also could pray for him as he faces opposition from his family.

The boy Sai

In Dumadangar there is a boy named Sai who is 3 years old now. From birth he doesn't cry, talk, laugh, and even he cannot move his body and his parents and relatives are Hindu. His parents and relatives took this boy to many hospitals including one of the reputed medicals in India but still there is no development at all in this boy's life. As we visited the village, his parents thought of coming to us to have prayer for this boy so Claudie and other LOAM team members had great opportunity to pray for him and his family.

This was a great challenge for all of us because they said if your Jesus heals the boy we will follow Jesus. So the team spent time in praying and asking God to reveal His plan for the boy. Claudie was moved by Spirit and prayed for this boy with tears.

In one of the evenings we had again good time with the ladies of SanaAllubadi. Though there was no electricity and we could not see each other but we praised God and had wonderful time with them. Those ladies requested us to come back again in day time. We all were encouraged by them that how happy and glad they are to be in the presence of God praising and hearing from God. Claudie also had great time with the ladies from my village. As they have special service every Friday Claudie got an opportunity to preach among those ladies and encourage them to stand firm in Jesus and challenged them to be His witness to many in our area. We give all glory and honor to Him alone.

Thanking you so much.

Yours Co-worker in His kingdom,

Santosh

Your tax deductible donation can be sent to International Gospel Outreach (IGO) on behalf of LOAM in below address. And please make the check payable to "IGO" and put "Santosh-LOAM India" on the memo line.
